Sir:

In response to the Office Action sent June 25, 2004, please amend the above-identified patent application as follows:

In the Claims:

Rewrite Claim 1 as follows:

1. **(Once Amended)** A method in a computer system for transferring a file to another computer comprising:
- sending a file to a receiver;
  - determining whether the file has been successfully transferred to the receiver;
  - if the file has not been successfully transferred to the receiver, attempting to send the file to the receiver up to a preset number of times;
  - sending the file to a backup receiving location if attempting to send the file to the receiver up to the preset number of times fails;
  - determining whether the file has been successfully transferred to the backup receiving location; and
  - if the file has not been successfully transferred to the backup receiving location, attempting to send the file to the backup receiving location up to a preset number of times;
- wherein the identification of said backup receiving location is predetermined by the receiver.
